INDEX TO VOLUME X

The star (*) preceding the page number indicates an original article in THE ARCHIVES. No author entries are made except for original articles. Book Reviews, Obituaries and Society Transactions are indexed under these headings in their alphabetical order under the letters B, O and S, respectively.

PAGE

Acne due to milk allergy; Hoge 759
necrotica; Chargin 369
relation of, to dental diseases; Smelhaus 339
rosacea, case of; Kring 354
treatment of; Navarro Cánovas 771
varioliformis, experimental; M. M. Strumia *702
vulgaris; Dengler 224
Acnitis; Senear, 115; Guy and Jacob 646
tuberculin in; Throne 366, 366
Acrodermatitis chronica atrophicans; Throne, 372; Scheer, 788; Fordyce .. 808
chronica atrophicana with scleroderma; Drant, 236; Oliver 396
Actinomycosis; Freeman 663
ray fungus; Freeman 259
Addison's disease, pigmentation of skin (Addison's disease) with lymphosarcoma involving the retroperitoneal lymph nodes of solar plexus region; report of an unusual case; A. S. Warthin, A. W. Crane and J. B. Jackson *139
Adenofibroma of sweat glands; Scomazzoni 765
Adenoma sebaceum; Gager 256
Alopecia areata; Van Rhee 239
areata "en clairière"; Milian and Perin 217
areata, in man and wife; Sabouraud 762
cause of; Stein 74
congenital and familial; Jeanselme and Rimé 762
relationship of neurodermite to; Nobl 70
syphilitic, extensive; Parounagian 793
totalis; Clark 799
Andrews, G. C., and MacKee, G. M.: Congenital ectodermal defect *673
Anetoderma: See Atrophy
Angina pectoris and syphilis; Gallavardin 631
Angioma, atavism in diagnosis of hereditary hemorrhagic telangiectasia; Fitz-Hugh 214
collodion treatment of; Krüger 224
hemangiomas, tuberous, multiple; Marx 527
lymphangioma circumscripta; Mitchell, 117; Bechet 367
malignant? Crawford 649
metastatic (?), following removal of primary angioma of Boeck; Wise .. 660
naevus flammeus; treated with the Kromayer light; McCafferty 372
nevus, heredity in origin of; Siemens 343
nevus, purpura annularis telangiectodes? Deep vascular naevus; Greenbaum 773
nevus vascularis (keratotic type); Abramowitz 105
radium therapy of; Mazzoni 766
recurring angiomatous tumors of back; Fordyce 808
serpiginosum? Case for diagnosis; Throne 779
treatment of; Moser 630
Anthrax, anti-anthrax serum in; Bodin, 218; Regan and Regan 335
Antigen for precipitation test with syphilitic serums; O. Ishii *203
stability of desiccated beef heart muscle powder for preparation of antigens for conduct of complement-fixation tests in syphilis; with special reference to Kolmer method; R. A. Kilduffe *734
Aortitis, syphilitic; Willius and Barnes 342

INDEX TO VOLUME 10

PAGE

Arsenic, cancer; Aliferis 630
dermatitis in child, treated with sodium thiosulphate; Bugg and Fockoff.. 518
keratosis; Wise, 81; Crawford 796
keratosis and pigmentation from; Weidman 129
Arsphenamin: See also under Neo-Arsphenamin: Silver arsphenamin; Syphilis
and liver; Kartamischew 343
bilirubin determinations in blood as a measure of liver damage in treatment with; Schamberg and Brown 521
by rectum; Littman and Hutton 759
dermatitis; Jamieson 243
dermatitis, pathogenesis of; Pick 526
dermatitis, thiosinamin in treatment of; Greenbaum 522
effect of, on kidney; McFarland 336
eruption following; Chargin 95
eruption from, resembling lichen verrucosus; Albert 222
late toxic phenomena due to injections of; Cattaneo 765
nitritoid crisis, complex, after the intravenous administration of arsenicals; I. Rosen, E. F. Müller and C. N. Myers *316
nitritoid crisis, relation of silver arsphenamin to involuntary nervous system and; I. Rosen, E. F. Müller and C. N. Myers *607
nitritoid crisis, simple method to avoid; Libonati 765
toxicity and reactions caused by neo-arsphenamin and; G. W. Raiziss and H. Brown *1
urticaria and angioneurotic syndrome from; Polland 767
zoster following; Fordyce 808
Arthritis, syphilitic, joint manifestation in tardy congenital syphilis; Fatou.. 627
syphilitic, tardy; Schlesinger 344
syphilitic, with eosinophilia: recovery of T. pallidum from synovial fluid; Chesney, Kemp and Resnik 617
Aspirin, drug eruption (?) Swartz 348
eruption? Case for diagnosis; Klauder 230
Atrophy, congenital, of hair and nails; Oliver 347
cutis; Feldman 782
cutis, anetoderma; Swartz 351
macular, in a syphilitic; Walzer 106
Aurantiasis cutis; Miyake 628
Axilla, chronic itching papular eruption of axillae and pubes (Fox and Fordyce); report of 2 cases; F. C. Knowles and P. H. Drant *478

Bacilli, fusiform, and spirochetes, distribution of, about genitalia; their significance in genital infections and tumors; I. Pilot and A. E. Kanter *561
Bacteria, Plaut-Vincent, in ulcerated interdigital condyloma; Bentl 71
Bacteriophage in treatment of skin diseases; Gougerot and Peyre 631
Baldness: See Alopecia
Baylis, A. B., Sheplar, A. E., and MacNeal, W. J.: Simultaneous Vernes and Wassermann tests for syphilis *306
Becker, S. W.: Osteosis cutis *163
Beeson, B. B.: Alfred Fournier, his life and works *297
Belding, D. L., and Holmes, R. H.: Wassermann test; effect of intramuscular injection of neo-arsphenamin on Wassermann reaction *601
Bismuth: See also under Syphilis
conjunctival reaction in treatment with; Drouet 221
does bismuth injected into the muscles and veins pass into cerebrospinal fluid? Jeanselme, Delalande and Terris 763
intravenous bismuth therapy; Gutmann 526
pigmentary eruption following; Courcoux and Boutelier 761
Blastomycosis; Van Rhee, 241; Murray, 244; Weidman 778
Blood calcium: See Calcium
Book Reviews:
Genito-Urinary Diseases and Syphilis; H. H. Morton 399
Handbook of Skin Diseases; F. Gardiner 530
Bowen's disease, new case of; Louste, Thibaut and Barbier 219

PAGE

Breast of shoemakers, occupational stigma on; Oppenheim..... 624
Brill's disease; Klauder..... 232
Bromid eruption; Guy and Jacob..... 254, 649
Brown, H., and Raiziss, G. W.: Toxicity and reactions caused by arsphenamin and neo-arsphenamin; effect of organic compounds of arsenic, mercury and bismuth on kidneys of animals, judged by non-protein nitrogen and urea content of blood..... *1
Bursitis, syphilitic; Lane..... 759

Cady, L. D., and Engman, M. F.: Case of yaws occurring in Missouri...*446
Calcium content of blood in skin diseases; H. J. Schwartz and O. L. Levin..*544
content of normal and pathologic skin; Gans and Parkheiser..... 529
deposits, unusual, two cases with; Tisdall and Erb..... 73
Cancer, arsenic cancer; Aliferis..... 630
cells, reaction of; Woglom..... 619
etiology, notes on; Meyer..... 619
in natives of Sierra Leone; Adler and Cummings..... 518
influence of ions of calcium and other metals on growth of tissues in vitro and their relation to problem of; Mendelejeva..... 770
metastatic basal cell carcinoma from skin; report of 2 cases; Finnerud.. 758
of antrum (?) Swartz..... 349
of breast, postoperative treatment of; Larsen and Lysholm..... 769
of breast, with metastasis to skin; roentgen-ray burn; Cannon..... 792
of conjunctiva, treatment with radium; Johnson..... 617
of lip, malignant furuncle of lip; Roedelius..... 224
of lip, radium treatment of; Lammers..... 768
of penis, basal-cell; Crawford..... 253
of rectum, and syphilis; Wellmann..... 70
of tongue; Bechet..... 801
precancerous dermatoses, report of case; T. Fukamachi.....*714
skin, mode of spread of; Furuta..... 629
skin, prophylaxis of; Du Bois..... 223
skin, unusual form of; Eliassow..... 620
tar, pigment production in; Lipschütz..... 628
treatment of malignant furuncles on face; Friedemann..... 224
Carbon dioxid, solid, presentation of a mold for; Mouton-Chapat..... 222
Carbuncles, roentgenotherapy of; Hodges..... 624
Carotinemia, case of; Nishaus..... 757
Cerebrospinal fluid, colloidal reactions of, in practice; Kafka..... 526
comparative results of colloidal gold and colloidal mastic tests; an analysis of 1,707 spinal fluids; Wassermann..... 337
precipitation test on, in syphilis; O. Ishii.....*442
raising pressure of, with especial regard to the effect on lumbar puncture headache; Solomon..... 338
Chancre, double, of labia majora; Parounagian..... 793
double, of lip (upper); Parounagian..... 786
genital, with positive dark field; face tumors; rhinophyma? myoma? Parounagian 785
in a juvenile with general paralysis, during antisyphilitic treatment; Shinkle 338
mixed chancre redux; Milian and Grellety-Bosviel..... 220
multiple; Schwartz and Busman..... 644
penile chancre; Levin..... 795
syphilitic reinfection? Van Rhee..... 240
Chancroid, incidence of mixed (syphilitic and chancroidal) infections: review of 8,171 cases of venereal diseases; R. A. Vonderlehr.....*314
isolation of Ducrey bacillus; Brams..... 520
treatment of, by unscreened radium; Lacapere and Galliot..... 220
treatment with acriviolet applications; Levin..... 791
treatment with heliotherapy; Murero..... 622
Chaulmoogra ethyl, propyl, butyl and amyl esters; Perkins..... 771
Cheilitis exfoliativa; Hollander..... 647
exfoliativa, case of, treated by radiotherapy and solid carbon dioxid; Drouet 221

PAGE

Chickenpox and herpes zoster; Netter..... 626
experimental, phenomena encountered in; Rivers and Tillett..... 624
studies on, susceptibility of rabbits to virus of varicella; Rivers and Tillett 524
typical distribution of lesions of, dependent upon a coexistent syphilitic infection; Tillett and Rivers..... 519
Cicatrices from smallpox; Towle..... 349
Clinics, dermatologic, experiences in; Carrera..... 632
my ideal clinic for diseases of skin; H. P. Towle.....*537
Collar of venus; melanoleukoderma colli of syphilis; Goodman..... 758
Complement, effect of a vitamine-poor diet on amount of; Trumic..... 339
Condyloma, ulcerated interdigital, Plaut-Vincent bacteria in; Bentl..... 71
Conrad, A. H., and Weiss, R. S.: Incidence of syphilis at Washington University Dispensary and its relationship to economic conditions..*453
Corson, E. F., and Knowles, F. C.: Folliculitis ulerythematosa reticulata..*293
Cosmetics, dermatoses due to; Cole..... 520
Crane, A. W., Jackson, J. B., and Warthin, A. S.: Pigmentation of skin (Addison's disease) associated with lymphosarcoma involving particularly the retroperitoneal lymph nodes of solar plexus region.....*139
Culver, G. D., and Montgomery, D. W.: Verruca of nail fold.....*425
Cysts, multiple, of neck; Martinotti..... 623
retention cyst of mucous membrane of lip; Michelson..... 386

Dandruff, is dandruff seborrheal? R. H. Rulison and W. J. Highman....*429
Darier's disease: See Keratosis follicularis
Dermatitis, brass; Levin..... 783
diphtheritic; Greenbaum 623
dysmenorrheica; Tobias 634
exfoliativa; Jamieson 239
exfoliativa, following psoriasis; Rostenberg..... 784
exfoliativa, generalized, cure of case of; sympathetic nervous system and dermatoses; Golay..... 215
exfoliativa (lymphatic leukemia); Walzer..... 100
exfoliativa neonatorum, report of case; J. E. Fisher and S. S. Wittenberg *289
exfoliativa, subacute nongeneralized; Wohlstein..... 70
factitia (?); Broadman..... 350
herpetiformis; Turnacliff, 121; Freeman..... 259
herpetiformis and autogenous serum treatment; Watrin..... 221
medicamentosa: See Arsenic; Arsphenamin; Aspirin; Bromid; Iodids; Phenolphthalein, etc.
papillaris capillitii; Dengler, 226; Klauder..... 232
roentgen ray: See Roentgen Ray dermatitis
sensitization, case of; Davis..... 112
venenata; Weidman, 226; Schiller and Perkins..... 642
Dermatofibroma of abdominal wall; Darier and Ferrand..... 761
Dermatology, index to current literature..... 135, 268, 400, 531, 667, 810
Dermatolysis, cutis verticis gyrata; Alvarez y Sainz de Aja and Bravo... 344
Dermatomyositis; Heyn 759
Dermatophytosis; Schiller and Perkins..... 238, 247
with lichenification; Troxell..... 241
Dermatoscopy of skin diseases; Hess..... 767
Dermatoses, precancerous, report of case; T. Fukamachi.....*714
progressive pigmentary (Schamberg's); Beeson, 117; Michelson, 125; Beeson 392
Dermographism; Pasteur Vallery-Radot, Krief and Jacquemaire..... 628
Diabetes refractory to insulin relieved by antiluetic treatment; Charlton.. 519
Diathermy of antrum, burn from; Stillians..... 262
Dick Test: See Scarlet Fever
Drant, P. H., and Knowles, F. C.: Chronic itching papular eruption of axillae and pubes (Fox and Fordyce).....*478
Drug eruptions: See Arsenic; Arsphenamin; Aspirin; Bromid; Iodids; Phenolphthalein, etc.
Ducrey Bacillus: See under Chancroid
Duhring's disease: See Dermatitis, herpetiformis

PAGE

Duodenal lavage in treatment of jaundice complicating treatment for syphilis; L. F. X. Wilhelm *499
Dyeing of hair; Sabouraud 764
Dyshidrosis: See Pompholyx

Ear, tropical ear; Forsyth 341
Ebert, M. H., and Mitchell, J. H.: Comparative study of Herrold precipitation test and the Wassermann reaction *36
Ectodermal defect, congenital; G. M. MacKee and G. C. Andrews *673
Eczema and diathesis; Bloch 346
due to poorly dyed stockings; Porosz 621
folliculorum; Greenbaum 228
generalized, with unusually high blood sugar; Klauder 227
infantile, metabolism experiments in, preliminary report; D. S. D. Jessup, H. R. Mixsell, R. B. McCollum and N. Johann *14
nature of; Kreibich 529
squamosum palmaris; Michelson 258
Edema, Quincke's, pathologic anatomy of; Panofsky and Staemmler 620
solid, of face; Senear, 261; Ormsby and Mitchell 397
Electro-ionic medication; Pack, Underhill, Epstein and Kugelmass 341
Encephalitis virus, survival of fever, herpetic, and allied viruses in vitro; McCartney 341
Endotheliomas of scalp; Jamieson 246
Engman, M. F., and Cady, L. D.: Case of yaws occurring in Missouri *446
Ephelides: See Freckles
Epidermolysis bullosa, case of; Brown 353
Epidermophytosis (?); Sawyer 347
Epithelioma; Schwartz and Busman, 645; Dengler, 777; Fordyce 802
basal cell, multiple; Trimble 90
basal cell, (Paget's disease); Trimble 106
cutaneous, treated with solid carbon dioxid; Mouton-Chapat 221
erythematoid benign; Crawford 648
in scar of lupus vulgaris; Weidman 230
morphea-like epithelioma; Corson 233
multiple; Trimble 105
multiple benign; Wertheimer 645
multiple benign cystic; syringocystoma; Sweitzer, 122; Corson 225
multiple benign cystic; syringoma; McCafferty 374
of leg; Parounagian 789
of lower lip; extensive leukoplakia of buccal mucosae and tongue; Parounagian 788
of tongue and left tonsil in tertiary syphilis; Parounagian 787
on a syphilitic basis; Schwank 769
pathogenesis of, summary of results of experiments on; Yamagiwa and Murayama 620
prickle cell, in a degenerated nevus; Chatellier 217
spinocellular, treated and cured by one exposure of roentgen rays; Ganzoni 216
Epitheliomatosis; Ormsby and Mitchell 397
Eruption over anterior surface of chest following removal of breast for carcinoma; Pfahler 235
Erysipelas, convalescent serum in; Jordan and Dustin 759
experiments on; Crendiropoulo 760
Erysipeloid, etiology of; Acél 632
of Rosenbach; Bechet 657
Erythema elevatum diutinum; Butler and Odland 386
induratum; Wollenberg, 242; Weiss 356
iris, recurrent, Jamieson 642
microgyratum persistans, case of; Strempel 767
multiforme; Wright, 228; Sweitzer 390
multiforme bullosum; Levin 790
multiforme, recurring, with lesions predominating on mucous membranes; Wertheim 767
nodosum; Cannon 794

Erythema elevatum diutinum—Continued. PAGE
nodosum with tuberculous bacillemia and meningitis; Weber..... 626
recurrent bullous; Crawford..... 252
scarlatiniforme; Levin 792
Erythroderma exfoliative, pathogenesis and classification of; Kogoj..... 339
ichthyosiform, congenital; Mook, 108; Bockholt..... 620
ichthyosiform, congenital, familial study of 3 unusual cases of; U. J. Wile *487
Erythrodermia desquamativa and keratomalacia; Salvioli..... 766
Excoriations, neurotic; Guy and Jacob.....797
Eyelids, case of sarcoma of; Fisher..... 617

Favus; Guy and Jacob..... 647
generalized; Weidman 227
Fibroma, molluscum fibrosum; Trimble..... 106
Fibrosarcoma of forehead; Weidman..... 231
Filariasis; Fraser 377
Finnerud, C. W.: Ossifying sarcoma of skin metastatic from ossifying sarcoma of humerus..... *56
Fisher, J. E., and Wittenberg, S. S.: Dermatitis exfoliativa neonatorum..*289
Fissure of lip, method of treatment; H. E. Michelson.....*332
Folliculitis decalvans; Sidlick, 235; Lieberthal..... 392
perifolliculitis capitis abscendens et suffoidens; Strause..... 226
ulerythematosa reticulata, report of case; E. F. Corson and F. C. Knowles *293
Fordyce disease, chronic itching papular eruption of axillae and pubes (Fox and Fordyce); report of 2 cases; F. C. Knowles and P. H. Drant *478
Fox-Fordyce disease; Schiller and Perkins, 248; Fox, 382; Kiess..... 525
Fournier, Alfred, his life and works; B. B. Beeson.....*297
Frambesia, case of yaws in Missouri; L. D. Cady and M. F. Engman....*446
in Dutch East Indies, campaign against; Winckel..... 74
syphilis or yaws; Thornley..... 103
Freckles, research on; Siemens..... 629
Fukamachi, T.: Precancerous dermatoses.....*714
Fungus infection; Oliver..... 349
morphology, biology and classification of pathogenic, asporogenic budding fungus (sproszpilze); Ota..... 528
Furuncles, conservative treatment of; Canon..... 633

Gangrene, diabetic, of nose; Connell..... 770
of feet following estivo-autumnal malaria; Fox..... 383
Genitalia, fusiform bacilli and spirochetes distribution in; their significance in genital infections and tumors; I. Pilot and A. E. Kanter.....*561
Glossitis; Hollander 646
areata exfoliativa (geographic tongue); Butler and Odland..... 390
chronic, and pernicious anemia; Schäfer..... 629
rhombica mediana (comment); Pollitzer..... 69
Glover's Mange Cure for diseases of scalp or loss of hair; Whichard.... 618
Granuloma fungoides; Grant, 115; Van Rhee, 239; Fordyce..... 802
fungoides, improved by roentgen-ray; Pfahler and Klauder..... 237
fungoides, mycosis fungoides; report of 3 cases of tumor d'Emblée type; E. A. Oliver.....*183
fungoides, with tumors d'Emblée; Decrop and Delater..... 218
inguinale; Thornley, 372; Schochet, 626; Cannon, 789; Fox..... 809
inguinale? Case for diagnosis; Fox..... 383
of palate; Williams..... 805
Granulosis rubra nasi; Artom..... 764
